Our Quality Management System Commitment

World Wide Metric is committed to our Quality Management System. As a team, we take full accountability for ensuring that the management system is integrated into our key business processes and intended results are achieved. We promote the use of risk-based thinking to guarantee that risks and opportunities are determined and addressed.

We are dedicated to providing all employees with the necessary resources and training to be successful in meeting and/or exceeding our customers' needs.

Our quality policy and objectives have been communicated and are the driving force behind our quality management system. We will continue to ensure that they remain compatible with the context and strategic direction of our organization.

George Contos, CEO
World Wide Metric, Inc.

Quality Policy World Wide Metric, Inc.

World Wide Metric is committed to delivering quality service to meet or exceed customer expectations and is continually focusing on improving our processes. We are achieving this by monitoring our performance against our established objectives and identifying areas in our process that need improvement.
