

RAPID REPAIR CLAMP™

PIPE REPAIR SYSTEM

When seconds count...count on the Rapid Repair Clamp!

FAST AND EASY

The **Rapid Repair Clamp** Pipe Repair System is the fastest and easiest way to temporarily repair pipe leaks and bursts. The self-contained design allows for installation in less than 60 seconds by one person, without the use of any tools!

SUPERIOR DESIGN

The marine-grade stainless steel construction provides a super-tight seal for water, steam, gas and most types of chemicals and petroleum. The unique design makes it ideal for many applications such as marine, oil and gas, plumbing, food processing and emergency services.

VERSATILE AND CONVENIENT

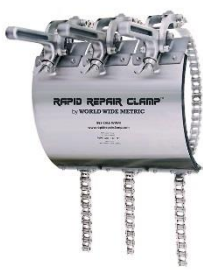

The **Rapid Repair Clamp** is available in four widths and a variety of diameters, fitting pipes ranging from 38mm – 930 mm (1.5" – 36"). Best of all, it is reusable and can be applied to pressurized pipes up to 20 bar, making it ideal for a variety of applications.

**"...6X FASTER TO REPAIR DAMAGE
THAN PREVIOUS SYSTEMS"**
AS INDEPENDENTLY TESTED BY US, AUSTRALIAN AND CANADIAN NAVIES
